# NRCC AQUACULTURE WORKSHOP IN MOSCOW, 2016 – MAY 25

Welcome to the NRCC Aquaculture Workshop  
25 May in Moscow, Russian Federation

*This workshop aims to bring new insight and broadening of the participant's business network within the aquaculture sector of Norway and the Russian Federation*

Within land and sea based fish farming there are many companies in Russia and Norway that have a potential for cooperation. However, to identify the key persons and decision makers within the value chain can be a challenge.

The NRCC Aquaculture Workshop represents a shortcut to decision makers in both countries!

## NRCC AQUACULTURE WORKSHOP:

You will meet and listen to company representatives that will inform about the market situation in fish farming, trends, needs, world-leading technology, financial tools, and perspectives in both countries. The speakers represent also companies with long experience and knowledge of what is needed to realize successful projects!

*Participation is free of charge.  
Travel and accommodation expenses participants must cover themselves. For other practical details, see the last page*

## CONFIRMED SPEAKERS:

**Suren Vardanyan**, Vice President, Moscow CCI  
**Leidulv Namtvedt**, H.E. Ambassador of Norway to Russia  
**Vasily Sokolov**: Deputy Head of the Federal Agency for Fisheries, Russian Federation (Rosrybolovstvo)

## PRACTICAL INFORMATION FOR BOTH DAYS OF THE NRCC AQUACULTURE WORKSHOP:

### HOTEL:

Some of the participants may already have preferences for hotel accommodation. We can recommend **the Peter I Hotel**, located at Neglinnaya Street, 17, Moscow. The staff of NRCC will stay at this hotel due to short walking distance, 3 minutes walking, to the Moscow CCI premises. Hotel's website [www.hotel-peter1.ru/eng/](http://www.hotel-peter1.ru/eng/)
